The game was a very good one, and it was a pleasure to watch.

HELD FOR TRIAL OF PROPERTY HE CLAIMED AS OWN

One Paul, 1899 Fourth avenue, Moline, is under arrest today, charged with holding property which he claims to be his own. The charge of burglary and larceny was preferred against him by Raymond Bruce, joint owner of the restaurant near the Rock Island depot, from which the articles were stolen. Paul admits going into the restaurant on the night in question and taking some furniture and equipment, but he states he had permission to be there and that the articles taken were his property. Hearing of the case will take place this afternoon before Magistrate Gustafson. Paul was released on his own recognizance.

Moline Obituary

Wallace Almgren Gabrielsen. Wallace Almgren Gabrielsen, a one-time resident of Moline, died at 2:15 o'clock yesterday afternoon in Albuquerque, N. M., according to word received by friends of the dead boy here today. He had gone to Albuquerque two months ago for his health. Wallace was about 24 years old and was born in Moline, where he resided for 12 years. He enlisted in 1918 at the Great Lakes training station, but was taken ill shortly afterward and never regained his health. Until two months ago he had made his home in Wisconsin. Remains will be brought to Moline for interment in Riverside cemetery.

START WORK ON SUNDAY SCHOOL WITH SERVICES

Members of the First Christian church of Moline will meet at the church on Eleventh avenue and Sixteenth street this evening, when a brief service incident to beginning construction work on the new Sunday school building will be held. Excavation work for the 2-story structure was started this morning and the building will be completed about the first of the year. Work on the church building proper, a brick edifice of the same type as the Sunday school room, will probably be gotten underway in a few years. Plans for this new structure, to replace the frame building occupied by the congregation for the last 11 years, are still tentative. The Sunday school room will be 48 feet by 63 feet, with recreation and banquet rooms on the first floor and class rooms on the second floor. C. C. Cline has the general contract for the work, which is to cost \$18,000. Campaign to finance the undertaking is under way. Committees expect to complete their canvass Oct. 3.

SALE OF LYCEUM COURSE TICKETS OPENS TOMORROW

Tickets will be placed on sale tomorrow for the opening number of the Moline Lyceum course. The first concert will be given by Paule Gruppe and assisting artists at the high school auditorium Oct. 22. It is expected that 1,500 tickets will be sold, according to W. J. Andrews, ticket committee chairman. Last year the Lyceum association concluded the season with a considerable fund left in the treasury. A part of this was used to secure better talent this year, while the sum of \$100 was appropriated toward the music appreciation fund of the Moline public schools as it was thought through this act the greatest number of persons would be benefited.

ARRANGE TO FREE CLUB FROM DEBTS

Members of the Moline Commercial club will be called upon to pay a fee of \$10 in addition to their regular membership dues in order to free the club from debt this year. Through this levy the directors hope to meet financial obligations and after wiping out these debts maintain the organization on a self-sustaining basis. Annual membership dues are unchanged as the voluntary subscriptions being sought will not be a permanent assessment. The special tax levy was finally decided upon after many plans had been suggested. As an additional aid toward supporting the clubhouse, new rules governing the use of pool and card rooms were adopted. A small fee to cover immediate overhead expense of these rooms will be charged. Luncheon prices were raised 5 cents yesterday.

DEMANDS WIFE FROM HUSBAND

Man charged with deadly assault on his wife, John Krack, 50 years old, 2215 Fourth street, arrested on a charge of assault with a deadly weapon, was released in Moline city court yesterday afternoon. Krack, the complainant, was given a lecture by Magistrate Gustafson and ordered to pay the costs of the case. Krack stated that he had attacked his wife, who was in the act of attempting an assault upon him, but that he had not yet been separated. Mrs. Krack left her husband a few months ago and has since been living at the Krack home. Mrs. Krack practically substantiated Krack's story and intimated she will start proceedings to have her marriage annulled. She said she married Krack when only 16 years old and is 17 now.

COUNCIL TO OPEN DRIVE NEXT WEEK

Membership campaign for the Moline community council will be launched next week. Final arrangements will be made today and tomorrow by R. S. Heford and George H. Stegins, general chairman and manager, respectively, of the drive. Pamphlets telling of the work of the organization, its future plans, and the purpose of the campaign will be delivered to every home in Moline. Every person in the city will be offered an opportunity to join the council which, it is said, was built of the foundation stones of cooperation, friendly helpfulness and good will. Financially the council has managed most successfully keeping well ahead of expenses. Since its formation last February it has spent only \$13,723.11 while receipts have amounted to \$14,792.32. Money was spent to finance the band concerts held here this season, the July 4 celebration, Labor day program and numerous athletic contests, moving picture shows, citizenship and English classes and like activities.

PROPOSE STAGING MARDI GRAS FETE FOR HALLOWEEN

A Mardi Gras festival, proposed plans for which include a comedy pageant, comic costume parade and gaily decorated floats, may take the place of the usual goblin pranks and witchcraft parties in Moline this Halloween. Suggestion has been made by the committee which had charge of the Labor day picnic, that the Moline Community Council sponsor such an affair and since the idea has already met with the approval of several organization heads, the plan will probably become a reality. It is pointed out by committee members that the affair would be of particular interest to the young people and that their aid in staging the pageant could easily be secured. It is also stated that crowds of boys and young men who in former years observed the day with interest and in some cases damaged property, would not be out on mischief if the carnival is held.

MOLINE BRIEFS

The missing property included a suit, watch, pair of slippers and a razor. Morris, who charged Riggs was responsible for an automobile collision which took place near the depot of his arrest. Jim Truesdale, 2354 Fourth avenue, Moline, will be arraigned in police court this evening on a charge of assault and battery. He was arrested on complaint of his brother, Tom.

HEAVY SELLING CAUSES WHEAT PRICE TO BREAK

Chicago, Sept. 24.—Heavy selling led to a sharp break in wheat prices today. Part of the selling appeared to be on European account and part was said to be hedging from the southwest. Later, buying for a local house with seaboard connections helped to rally the market somewhat. Opening quotations, which ranged from 1 1/4 to 7 1/4 lower, with December at 2.25 to 2.34, and March at 2.20 to 2.24, were followed by a moderate reaction from initial bottom figures. Subsequently, advances resulted from a letup in the active commission house selling, which has been a bearish influence of late. Fresh deliveries, however, ensued, owing largely to fine weather. The close was nervous, 1 to 2 1/4 lower, with December 97 1/2 to 97 3/4.

Talk of general default in living cost was a decided bearish factor, and the market developed acute weakness near the end of the session. Prices closed heavy, 10 1/2 to 12 1/2 cent lower, with December 2.25 to 2.34, and March 2.20 to 2.24. Liberal receipts had a bearish effect on corn. After opening 3/4 to 3/8 lower, with December at 98 1/2 to 98 3/4, the market scored additional losses. December and May selling at the lowest prices yet this season.

All deliveries of oats fell in sympathy with corn to a new low price level for the 1920 crop, starting unchanged to 1/4 cent down, with December at 57 1/2 to 57 3/4. Upturns in the hog market gave firmness to provisions.

THINK CAPTURE OF MEN IS NEAR

Citizens of Aleo are anticipating interesting developments in the murder case, which the grand jury is investigating, since that body went into recess yesterday afternoon. Sheriff John F. Fleming is not in town this morning and no word as to where he has gone was obtainable. The story was passed around this morning that Quentin Sherman, who has been in custody since Saturday and in solitary confinement for two days, had confessed to the grand jury, implicating two men and it is thought that it is these men that the sheriff is out looking for today. No intimation as to the identity of these men was obtained, as all information is being withheld by the grand jury and the sheriff. The grand jury is supposed to reconvene at 1 o'clock this afternoon, at which time it is expected important action on the case will be taken.

At that of John Costello, 1951 Telegraph road, the prowler was frightened by the screams of Mrs. Costello and fled before he could complete the search.
